## Oasis Parking Lot Leasing Gets Unofficial Okeh

In what may be a complete change of direction for the city council, Mayor Florian Boyd yesterday withdrew his opposition to the leasing of the Oasis Hotel parking lot to make it a municipal parking lot.

Up before the council was a recommendation of the off-street parking committee for almost two months, the committee, after its meeting last week sent it back to the council for reconsideration.

This time it carried the "green light" from special off-street parking consultant Douglas Carmody of Modesto, who recommended the leasing of as many lots as possible to better the parking situation in Palm Springs.

If the lot is leased from the Oasis Hotel after official action by the council on March 26, the city will put in parking meters and expect to quadruple the number of cars that park there daily.

Mayor Boyd, who said in the past that he did not want to enter into a fight between the management of the Oasis and the tenants of the Oasis Building, at the luncheon yesterday said, "go ahead and lease it, I withdraw my opposition." He indicated that Carmody's plan for off-street parking for the city was very sound.

## Desert Area Accidents Claim Lives of 7 Persons

Death rode the desert highways this weekend, claiming seven of Garden Grove, and Fredrick D. Stavast, 25, of Denver, Colo., and Garden Grove.

Five young men were the victims in the most tragic mishap in many years, when their car crashed into a bridge abutment on Highway 99, just east of the Highway 111 cutoff.

Fatally injured when his car struck a pillar at the entrance of B-Bar-H Ranch was Charles Ray Beals, 44, manager of Holmes Hot Springs Trailer Park in Desert Hot Springs. This accident occurred about 10:30 p.m. Friday.

FATALLY INJURED when his auto went out of control and rolled over in Palm Desert last night was Richard Speaks, 48, of California. His wife, Ella Mae, 45, was critically injured when she was thrown from the car and pinned by the rolling vehicle.

Young Richard Speaks, 12, suffered a fractured arm and is in good condition. The Highway Patrol reported today that Mrs. Speaks is in very critical condition at Coachella Valley Hospital.

VICTIMS OF WHAT THE California Highway Patrol termed "excessive speed" were four 19-year-old youths, David M. Madox, Howard S. Lewis, Jerome F.

Birle, and Herbert J. Perry, all lives, five in one accident, two in two others, and in still another three persons were injured.

California Highway Patrol officers estimated the speed of their car at 90 miles per hour when it struck the solid bridge abutment, and none survived the accordion crushing of their 1954 model car.

All were dead at the time officers arrived at the scene, at about 1 a.m., Sunday.

CAR PARTS WERE scattered 150 feet up and down the highway by the impact.

In the car, although not directly connected with the crash were several unopened cans of beer and a half-filled bottle of wine. Officers said that no tests were made as to whether the victims had been drinking, as speed was the cause of the accident.

The lifeless bodies were taken to Wiefels Mortuary in Banning.

IN PALM SPRINGS Sunday, 15-year-old Alvadea Anderson, 3790 Calle San Antonio, was hospitalized and Pauline Self, 16, 2185 Junipero, and Gary Soule, 15, 4037 Paseo Louisa, were treated at Desert Hospital for injuries sustained in an accident on Barristo Road near Patencio Road.

Palm Springs blood donations dipped below a 25-pint goal yesterday as the San Bernardino-Riverside County two-county blood bank tallied only 16 pints in its monthly visit.

Desert Hospital Director Robert Henwood said that individual donors and donors from Desert Dose, Kiwanis Club and the Chamber of Commerce deposited blood with the mobile bank.

## Egyptians Assure U.S. 'Plan No Troops in Gaza'

### Senate Asks About \$4,000 Check Use

Brewster Does Not Remember Home Transaction

By UNITED PRESS

The Senate Labor Rackets Committee, meeting in Washington, D.C., today asked West Coast Teamsters boss Frank W. Brewster whether he had used \$4,000 of a \$100,000 "special fund" for use in purchasing his home at Palm Desert in 1951.

The committee said that nearly \$100,000 was withdrawn from Seattle Teamsters Union local for a "special fund" which does not exist, and Brewster swore the fund did exist once, and said that it was used for political contributions.

ASKED WHETHER \$4,000 of it was used as a down payment on his house at Palm Desert, he said he could not remember.

Committee counsel Robert F. Kennedy said \$99,999.65 was drawn from Seattle's big teamsters Local 174 from June, 1950, to November, 1953. Brewster said he was secretary-treasurer of the local at the time.

KENNEDY SAID the checks were made out to "Local 174 special fund" in the Seattle First National Bank.

"We have checked and found there is no special fund," Kennedy said.

BREWSTER SAID there was such a special fund for 10 years before 1953.

"It was a political fund, to be spent on candidates that Claude O'Reilly was in favor of, with approval of the Executive Board," Brewster said.

The meeting was attended by Warren McClain, building committee chairman, and Leonard Lockhart, who are today scheduled to visit county officials to determine what county aid can be secured for the building program.

Initial discussion of the project was conducted last Friday. It was recommended that a community library and auditorium be included in the project as a community center.

The lifeless bodies were taken to Wiefels Mortuary in Banning.

Howard S. Brezin, civic leader and owner of Savon Shoe Store, died last night of a heart attack, suffered while at a meeting at the Jewish Community Center. He was 58.

A resident of Palm Springs for 12 years, Brezin is a native of Chicago, Illinois.

He is survived by his wife, Fae, and two daughters, Edith Graybar of Los Angeles and Thelma Grossman of Chicago, and four grandchildren.

Brezin suffered the attack while at a meeting for the election of officers for the Jewish Community Center, and was dead on arrival at Desert Hospital.

Brewster said he could not account for how the money was spent. He said O'Reilly spent it.

KENNEDY ASKED if Brewster ever got any of the money.

"I have not received any of that money for personal use," Brewster said.

Chairman John L. McClellan (D-Ark.) showed Brewster a photostatic copy of a \$4,000 check to the "special fund," signed by Brewster and O'Reilly and dated Feb. 27, 1951, on the First National Bank of Seattle.

He then showed him a \$4,000 cashier's check purchased by O'Reilly from the same bank the same day, initialed "F.W.B.", and made out to the Palm Desert Properties Corp. Brewster conceded he had a house in Palm Desert.

The controversial sewer bond issue is expected to draw a fifty per cent vote today, with the final tally expected about 8 p.m. Polls close at 7 p.m.

Kennedy said records of the Palm Desert Corp. show Brewster made a \$4,000 down payment March 7, 1951.

Brewster said that there were 28 absentees ballots out.

City Council at its meeting a week from today is expected to direct city attorney Jerry Bunker to file an appeal with Civil Aeronautics Board Examiner James S. Keith on his decision that Bonanza Corp. Brewster conceded he had a house in Palm Springs.

In securing the additional service for Palm Springs, the council doesn't believe that the flights to Phoenix will solve the problem of the need of a direct cross-country flight.

Bunker said except for having one more connecting airline, it is easier for persons to go to Los Angeles and catch a cross-country plane, then to make the flight to Phoenix and catch it there.

Phoenix, a city of 500,000 people, requested additional airline service to Denver and east, but also received only the Bonanza service.

### No Intention Of Replacing U.N. Forces

Views on Suez Canal Operation Remain Secret

By UNITED PRESS

Egypt has assured the United States it has no present plans to send troops into the Gaza Strip along whose borders Israeli sources reported new minor violence today.

Cairo dispatches also reported that Egypt has assured the United Nations it has no intention of pushing the U.N. Emergency Force out of the disputed strip.

AT THE SAME TIME, Cairo has outlined its views on future Egyptian operation of the Suez Canal in a memorandum handed to representatives of the United States, the Soviet Union, India and the United Nations.

The three moves eased the tension in the Mideast, where officials feared the minor Gaza border incidents might mushroom into major trouble.

ISRAEL HAS WARNED against the return of a "belligerent" Egypt to Gaza and the United States and other nations have been working in secret to slow down Egypt's moves in that direction.

Cairo already has a general in Gaza acting as civil governor and the UNEF command was reported moving its headquarters from the area. But President Gamal Abdel Nasser's assurances that he has no intention of sending Egyptian troops into Gaza at the moment reduces the chance of any new military activity by Israel to protect its interests in that region.

THE EGYPTIAN position on the future operation of the Suez Canal was kept secret, although Nasser already has announced that all tolls must be paid to Egypt and not shared with any international agency as suggested by the West.

The new Egyptian memorandum is believed to re-emphasize this stand. One report said it also stated that Egypt will insist that all ships obey Egypt's laws and regulations governing use of the canal and that Egypt will brook no interference from any nation in operating the waterway.

## Rancho Mirage C of C Endorses Translator TV

Announcing its endorsement of Palm Springs Translator Stations, Inc., the Rancho Mirage Chamber of Commerce today started its Translator fund-raising campaign.

The Chamber voted endorsement for the Village television transmitting plant following tests in the Rancho Mirage area.

Chamber officials are seeking donations from residents of Palm Desert, Rancho Mirage, Cathedral City, Thunderbird, Tamarisk Country Club and Desert Braemar areas, Henry P. Brenton, member of the chamber board of directors, said today.

BRENTON REPORTED that tests showed Translator could effectively mount extra antennas for the transmission of Ultra High Frequency television beams to the Rancho Mirage-Palm Desert area. "Reception is definitely very good now," Brenton noted. "Some areas are still critical, with normal transmission, but the extra antennas would take care of that."

Brenton urged area residents to send in their \$15 contributions—if they can afford it—to insure transmission of at least two channels. It costs approximately \$4,000 to beam the two channels to most of the areas, he said.

"I WANT TO emphasize the point that this is a community project," Brenton said. "We can all pull together for our mutual benefit."

Brenton stressed the point that Translator is a non-profit venture. He also commended Translator officials for "going out of their way" to conduct tests outside the Palm Springs area.

"After all," he remarked, "it was originally a Palm Springs proposal, and since it has proven feasible to send television down here, I think we should all support it."

Brenton asked area residents to send contributions to the Rancho Mirage Chamber of Commerce or to Translator, 383 North Indian Avenue, Palm Springs.

## Museum Campaign Held on 10th Anniversary of Gift by Miss White

This month is the 10th anniversary of the gift to the Palm Springs Desert Museum of the Cornelia B. White property at Tahquitz Drive and Indian Avenue on which the new \$200,000 building of the Museum now is proposed, officers of the organization recalled today.

Now valued at \$150,000, the building site qualifies as one of the largest gifts to an association such as the Museum in the history of Palm Springs, according to A. G. Kettmann, president.

**FUNDS NOW ARE** being sought throughout the desert to finance construction of the new Museum, displacing the worn-out, crowded

wooden barracks building that has served as Museum headquarters for the past 10 years.

Miss White, who came here in 1912, still occupies the small brown cottage in the northeastern corner of the property under a provision giving her life tenancy on the home.

She and a companion had come into this area after fleeing from Mexico ahead of Bandit Pancho Villa. The two had gone into the state of Sinaloa, Mexico, to do ranching, but heeded the warning of President Wilson for all U.S. citizens to leave the country.

**AT ONE TIME** Miss White and her sisters owned some of the most valuable real estate in the present Palm Springs. Their property boundaries were Palm Canyon Drive, Indian Avenue, Andreas and Arenas. She laughs now when she relates theittance paid for some of these parcels.

Forty-five years ago when she landed in Palm Springs, the Village consisted of 15 buildings, mostly small. Among the largest were the Desert Inn, which had been founded four years earlier, and Dr. Welwood Murray's hotel-sanitarium at the northwest corner of Indian Avenue and Tahquitz Drive, a landmark that has been torn down only in the last five years. For many years the Whites owned this Murray property, having bought it from the estate after Dr. Murray's death.

**THE SMALL WHITE** cottage on the Museum property is unique in itself. Part of the building is constructed of railway ties obtained from the small narrow gauge line that extended from near what is now Smoke Tree Ranch across the desert to Seven Palms. The railway was laid in the eighties to serve what promised to be a farming area at the mouth of Palm Canyon. However, the project withered and died during a drought.

Active in many community programs through the years, Miss White was always a firm supporter of the Desert Museum during its quarter century of service in the community. This interest led to her gift of the land to the Museum.

Her big hope now is to see the permanent Desert Museum constructed on the land she contributed for that purpose. She has waited 10 years for this dream to come true.

### Two Arrested For Violation of Cosmetology Act

Two desert area residents were arrested last week by Norma Ludington and Terry Simon, state inspectors for the Board of Cosmetology, on charges of violating the Business Professional Code of the state in that they were performing acts of cosmetology in their homes without being properly licensed.

Appearing before Judge Eugene E. Therieu in justice court, they were fined \$100 on two counts, with \$75 suspended on condition that they not violate the state code again.

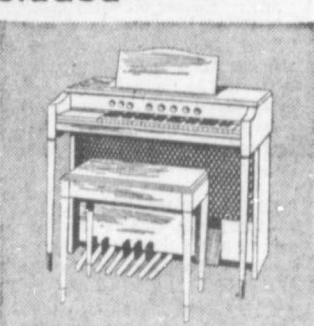

The state inspectors said that investigation would continue in this area, and warned that it is illegal to perform acts of cosmetology without securing a state license, and having the premises where operations are conducted, inspected.

DATE GROVES GIVING WAY  
TO RESORT EXPANSION

Growth of the resort area east of Palm Springs has extended right into the date groves of Coachella Valley with the result that many of the old groves are being converted into subdivisions and golf courses. Even so, the date crop still leads all other products grown in the Coachella Valley.

It will be of interest to many residents in this end of the Valley to know that there are now about 47,500 acres under cultivation in the Coachella Valley and that the gross value of crops last year was \$26,500,000. More land is being reclaimed every year than is being taken over for resort development so production is still on the increase.

The date crop, which has always been the leader, brought growers \$7.3 million in 1946 while the newer grape cultivation was a close second with \$6.7 million. Sales of Thompson Seedless alone amounted to \$5.7 million.

Tomatoes lead the truck crops with sales of \$1.8 million, and cotton accounts for most of the field crops with a little over \$2 million. Here is a condensed report on the value of crops grown in the Coachella Valley in 1956:

	Date Products	7,371,220
Thompson	Seedless	5,734,535
Others	Other Grapes	979,867
Figs and Plums		27,182
<b>TRUCK CROPS</b>

## Cattle Feeding Big Industry

Add to the agricultural production of the Coachella Valley the cattle feeding business that has grown rapidly over the past few years, and you have a highly productive Valley with year-around activity. We have no figures on the cattle feeding industry but the largest lot, operated by Bill and Ed Janss, is a 20,000-head operation. They have new electronic feeding machinery that automatically blends and delivers the feed mix at the rate of 1000 pounds a minute. Through this push button operation it is said that the cattle have a better balanced diet than many humans.

With its agricultural growth and expansion, Coachella Valley has a brilliant future and is attracting many new investors.

## HOLMES ALEXANDER:

## Red China Propaganda: Loyal Sources

WASHINGTON, D. C.—Speaking before the Detroit Board of Commerce last August 6th, Assistant Secretary of State Robert C. Hill made a too-little-heeded prediction:

"We may see within the next few months . . . a small but vocal minority, even here at home, urging admission of Communist China to the United Nations and recognition of Red China by the United States."

Mr. Hill was not making an empty forecast. The State Department anticipated that the re-elected Eisenhower Administration would be besieged on two fronts to modify its stand against admission recognition of Red China.

ONE FRONT WOULD be the liberal internationalists with whom the Administration had already made much common cause. The other front would be the business community which is a traditional ally and associate of the GOP.

While the One Worlders need no urging to embrace a new Communist regime, the manufacturers of automobiles and other goods, which are beginning to choke up on our gorged domestic markets, might be persuaded that China offers 300 million new customers.

Last month, Feb. 18, Chairman Theodore Green of the Senate Foreign Relations Committee turned loose a hint that was, as may be seen from the above, not entirely unexpected. Senator Green, who is a wealthy industrialist and prides himself on his globalism, said in a press statement:

"I THINK WE SHOULD recognize Red China sooner or later. . . . In time, sooner or later, as I said, the President, whose responsibility it is, must decide if we are to continue forever to live without official contact with 300 million Chinese."

## Quotes from the News

(By UNITED PRESS)

SAN FRANCISCO—Former senator and ex-governor of New York Herbert H. Lehman in a bluntly-worded speech to the Democratic National Executive Committee concerning the party's stand on civil rights:

"The nation can no longer afford or tolerate any further sloughing off of this issue by the Democratic Party. It is only a few dead-enders who are prepared to destroy the party, and the nation, in defense of the sac-

urity of white supremacy."

WASHINGTON—Secretary of Commerce Sinclair Weeks, watching a huge electric chart register the 170 million inhabitants of the United States:

"I am happy to welcome this vast throng of new customers for America's goods and services. They help insure a rising standard of living and reflect our prosperity."

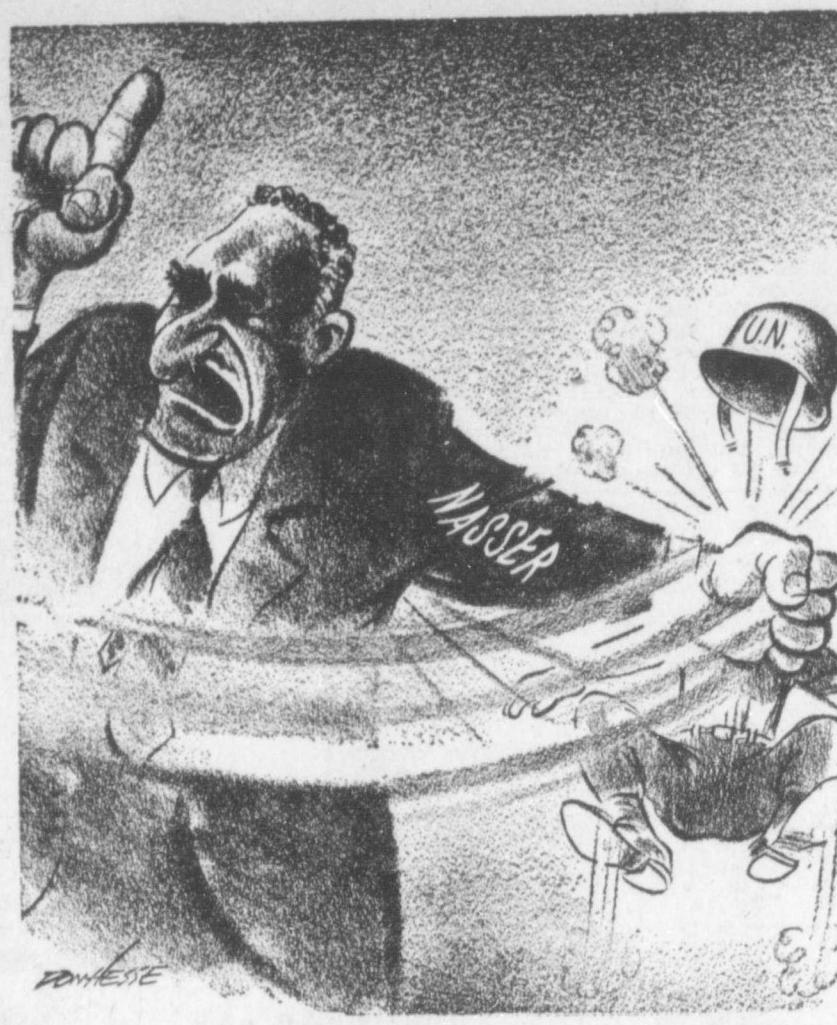

This policy is his behind the State Department's refusal to issue passports to American newsmen who want to report firsthand on China. For the rest, this Administration opposes any softening toward this Red na-

tion on the strong and repeated

ACCRA, Ghana: Premier Kwame Nkrumah declaring his country's independence in a ceremony as Ghana's black stars and stripes replaced the British Union Jack in front of the House of Parliament:

"When day dawns, we shall leave behind the chains of imperialism and colonialism which hitherto have bound us to Britain."

By Phat

In times of trial  
There's nothing mends  
The hurts of life  
Like having friends.

Funny how it takes a jolt out  
of the ordinary happenings of life  
to let you know how many friends you have.

I'm deeply grateful.

BUT BACK to that other great healer of pain—the job.

Communication came to me last week that on Saturday, March 23, the Guild of St. Paul's in the Desert, Episcopal Church, is putting on its annual Rummage Sale. That's the Rummage Sale of all Rummage Sales.

The women of the Parish dig in and woe be unto the man who leaves a cherished shirt, pair of slacks or shoes or hat unguarded.

He'll be wondering where they are this week. I can tell him. They're on the counters of the Rummage Sale. I know.

OF COURSE, this year I am not worrying too much. My wardrobe is so depleted that if Mrs. G thinks she can grab any of it for the good ladies of the Guild, she'll have to bail me out of jail.

Many times in the past have I missed a prize garment only to see it on someone else soon after, parading down Palm Canyon Drive.

My favorite story is about that hat.

I ONCE HAD a beautiful hat. Cost \$15 and that was before inflation had reared its ugly head. Used to wear it on my weekly forays to Los Angeles via FSP. When I used to get off the Sunset or the Argonaut late Sunday evening, there was always a hassle. The combination of the wind that always blows up at the depot and the suction of the train, did it. I don't recall how many times that hat was whisked off my head and sucked under the train. It was never run over but always accumulated touches of oil and grime.

Mrs. G gave it to the Rummage Sale after it had cost us, in cleaning bills, many times the original cost.

G. K. ZANE, who built the first Miracle Mile down in Florida and then a resident of Palm Springs, bought it at the Rummage Sale for a fabulous price. Sent it to the Middle East in a CARE bundle. There it replaced a fez on someone.

Under the FSP it gathered oil and spots. In the Middle East, the situation being what it is, it has probably gathered many bullet holes by now.

Sure glad my head isn't—or is it?

Depending on the hardness of their heads, some businessmen are told that there are profits in Red China and others are told that our goods will make converts of the Chinese. The State Department is convinced that both propositions are false.

TODAY IS THE DAY Palm Springs citizens decide on that sewer issue.

Personally, without prejudice, I believe the issue ought to carry.

We're going to have that sewer system to take care of all the arguments, pro and con, on the issue.

There has been a lot of fluent talk. Now let the effluent take over.

LOOKING AROUND, I am convinced that S. S. Biddle had something when he quipped "If we could just convince the women that slacks make them look frightful, maybe that would scare the pants off of 'em."

"Let's avoid party politics in our name calling, gentlemen! . . . No need to label each other a Republican so-and-so or a Democratic such-and-such!"

## BILL RASHALL

## Unedited

"Sure 'n his name will be Patrick."

Nobody but an Irishman can make that declaration with as much pride as a son of Erin, and it was Pat O'Dea of Don the Beachcomber who made that statement.

If he had been standing on top of Mt. San Jacinto with a giant horn set to his lips the news could not have been as more widespread than it was that Pat had become a father of son on St. Patrick's Day. The second child born to his wife, Agnes, was delivered at 4 a.m., Sunday, weighing eight pounds and ten ounces.

UP AND DOWN PALM Canyon Drive we were hailed by no less than 40 people with "Bill, do you know that Pat is the father of a son and born on St. Patrick's day too. Just imagine!"

We sought Pat out and that little man was strutting high, wide and handsome. All that blarney he had been giving us for months that he didn't care if it was another girl was nothing more than blarney, believe me.

"Bill," almost shouted Pat when he finally espied me at Don the Beachcomber. "You were absolutely right. It was a boy I was wanting all of the time."

**BRAVEN DYER**, Los Angeles columnist, came by at that early hour to hear the voice of Charlie Farrell. First thing that came to my mind and I asked him if, too, he had been to bed yet. I had seen him and Virginia Farrell at Don the Beachcomber early in the evening.

"Why, Bill," came the almost painful cry back at me, "we're having a tennis tournament at the Club and I've been getting up at 6 a.m."

I believe every word Charlie. Yes, sir, every word!

## EARL WILSON:

## Theresa Brewer Confesses

NEW YORK—ME: "A lot of people think you're British."

SHE: "Sure, but I was born in Toledo where my father was a glass inspector—and I don't mean a bartender."

ME: "Did you know about Danny Thomas being from Toledo when you left there?"

SHE: "No, because he wasn't famous yet. But I knew about Joe E. Brown!"

(The peppery 25-year-old red-headed recording star was having lunch with her husband, Bill Monahan, and me.)

SHE: "IT WAS 1948. I was supposed to be coming to New York to be in a movie. It turned out that I was singing in the Sawdust Trail cafe. I was living on a hot dog a day, singing seven shows a night. I got married, then I got to eating steady."

ME: "How did you meet your husband?"

SHE: "I got a weeks' work at the Latin Quarter in a contest. After not getting into the movie, I was afraid to go home like so many people are."

ME: "But you'd traveled with Major Bowes' units?"

SHE: "IT WAS the Shirley Temple age. Mother put me on the kiddie show. We traveled by bus, till I was 12. I made about \$100 a week."

ME: "Did you get any of it?"

SHE: "About a dollar a week. I used to write out big checks—the kind you buy at the dime store—in bank name on them . . . just checks! People thought I was a madgit. I got proposals from other midgets."

ME: "NOW YOU have three daughters of your own?"

SHE: "And four TV sets! We hardly ever leave New Rochelle."

Her husband spoke up: "Let's face it, we threw so much money in the house, we've got to stay there."

ME: "I knew about your big records, 'Music, Music,' 'Ricochet Romance,' and 'Till I Waltz Again With You.' but I didn't know you were a redhead."

SHE: "Neither did I till 1953."

SHE: "It was for a movie. 'Three Redheads From Seattle,' and now I always have those dark roots to contend with. Once every four weeks. I like it, but when I went home to Toledo not long ago everybody said I looked terrible—even for me!"

## Earle C. Anthony Expands Operations in California

After 53 years of distinguished service to the motoring public of California, Earle C. Anthony, Inc., of Los Angeles has expanded operations to embrace the entire Western America area. The Earle C. Anthony organization is now importer-distributor of the famous Borgward, precision-built product of Western Germany, for the vast territory west of the Mississippi.

Earle C. Anthony and members of his statewide automobile distributorship viewed with interest the rising tide of import-car popularity in the United States during recent months. George A. Wagner, executive vice president, made a trip to Germany, where he visited the Borgward factory and saw the car in production. He was most favorably impressed by the custom craftsmanship of the German mechanics, and the general fine quality.

### Live Specimens

BOSTON. — A Museum of Science official, David Bonney, says he picks up live specimens when banana shipments arrive here from South and Central America. Found hiding in the banana bunches last year were a spiny-tailed iguana, three tree frogs, 17 tarantulas and three boa constrictors.

**THE BORGWARD** has a rich heritage dating back to 1908. The car is famous for its economy. Here in America, on extensive fuel tests in city traffic as well as on the open road, the Borgward has averaged approximately 34 miles per gallon. This remarkable economy, according to Earle C. Anthony executives, is an important factor in Borgward public acceptance in this country.

Already, the Borgward is represented by a strong dealer organization covering the Pacific Coast region, and additional outlets for the product are being established throughout the entire territory. It is reported by A. W. Oster, general sales manager of Earle C. Anthony.

"The expansion of our operation into the automotive importing field is the result of months of planning and diligent study on the part of the executives of our company," Wagner said. "We had much interest in other imported automobiles, but our choice soon narrowed down to the Borgward. We felt there was a real need for such a car at this time—with the crowded traffic conditions and rising cost of operation."

"DESPITE ITS low-maintenance price, the car is accepted as an outstanding example of German craftsmanship. The enthusiastic performance reports of owners, dealers and distributors fully justify our initial commitments involving investments of more than one million dollars for cars en route, on the high seas or on order."

"The Earle C. Anthony organization, after 53 years of service to the motoring public, fully recognizes that the keystone of success in the automobile business is the quality of service rendered to the owner. To that end, special emphasis is being placed upon making available all necessary parts, tools and service comparable to the best."

USE YOUR IMAGINATION and you can see the living colors of the rocks held by Mrs. Lee Luck, of the James and Dunn Milling Company, producers of multi-colored gravels for desert area homes. Mrs. Luck is holding aloft pink and green samples from the mill's selection of six different colors. Milling of the mineral-hued rocks is a new innovation for the Thousand Palms plant, now entering its second year of production. (Desert Sun Photo).

## Thousand Palms Milling Company Has New Product, Dust-Free Rock

Grinding out a colorful collection for one of the desert area's newest industries, the James and Dunn Milling Company of Thousand Palms.

Now slightly more than a year old, the milling plant has perfected a multi-colored array of rocks, stones and sand designed as waterless replacements for normal garden gravel.

Mined in desert area quarries, the multi-hued rock is crushed at the rate of up to 150 tons a day, according to Thomas Raphael, of Rancho Mirage, member of James and Dunn's board of directors.

SPEAKING FOR Raphael, Mrs. Lee Luck, company bookkeeper reported that the mineral-stained rock has won rapidly growing acclaim by virtue of its water-holding qualities.

Company officials rate the rock, which comes in five colors, as a boon to landscape conscious villagers unable to tend their property during summer months.

SPREAD AROUND tree trunks and bush stalks, the crushed rock requires watering only once or twice a week. It then exists in a perpetually damp state, feeding moisture to the plants.

We have a chemist in Los Angeles investigating now to see exactly how long the rock will hold water," Mrs. Luck said. "We'll have a complete report in about two weeks."

For decorative purposes, the rock can be crushed to any size in colors of black, grape, pink, green and red for a variety of contrasting combinations.

NOT EVEN A SCRAP of sand is wasted in the plant's operation—and no unsightly gravel piles mar the scenery. Everything goes into bags for immediate shipping to Village area nurseries.

Mrs. Wyman's guests for Coronation Monday night were Miss Irene Sweet and Mrs. Sally Sweet of Desert Hot Springs, also Dr. Gertrude Remnick.

The "Mr. and Mrs." annual golf tournament at Shadow Mountain Club was held Sunday, March 17, at one o'clock. Thirty-five couples played, with refreshments served in the "Tee" house later. Mrs. June Goodwin, chairman of the

golf committee, was in charge of this affair.

"Coronation" night last Monday was more crowded than usual. Cliff Henderson astonished his friends with wonderful magic slight-of-hands tricks. The Queen was Mrs. Anabelle Goosen, owner of Acacia Lodge in Palm Desert; King, Don McLaws of Calgary, Canada; Prince, Harold Barclay, Sisters, Ore., and the Princess, Mrs. Mary Smith of Roseberg, Ore. The event of choosing the royal couple proved delightful to vacation visitors.

ALL THE CHILDREN had their favorites in the cast of "Wizard of Oz," but the Lion, played by Tim O'Connor, was the favorite of Mary Fara, so she and her twin Frankie were photographed with him.

## 'Wizard of Oz' Such a Hit It Will Be Shown Again

By SHELBY WEGNER

It was gleeful children inside the Palm Springs Playhouse, and tearful children outside, at the Playhouse Guild sponsored matinee of "The Wizard of Oz" on Saturday afternoon. A few children and many adults were turned away when word reached the box office that no more space was available. Piano benches, cushions, and stools ringed the in-the-round stage, small youngsters crowded into one seat, not a single chair was left on the patio or in the dressing room, and even the edge of the risers were used as seats. The audience filled every niche of the theater except the aisles which were left free for the stellar cast who leaped, danced, flew, or melted on and off the stage.

A starry-eyed audience followed "Dorothy" and her strange friends in their fantastic adventures in the "Land of Oz." Ages ranged from small fry in arms to grown-ups, who laughed, applauded, gasped, and marveled, along with the youngsters who accompanied them. (Adults were admitted only if they came with children.)

The Claude Gotthebuchs were ushering, arranging make-shift seats, and guiding young fans who still needed "just one more name, please" to dressing-rooms for autographs. Mmes. E. Stewart William, Donald Lockett, and Burnham Bigelow were on the hostess committee, along with Mrs. John F. Luccarelli, Guild president. Mrs. Luccarelli was overwhelmed at the response to this first children's play, which she has been trying to arrange for the past four years. From her intermission post, behind the refreshment counter, she gave a tally on the ticket sales, a whopping 427 single admissions!

The audience, many of whom were seeing their first stage play, could not have been better behaved, nor more attentive and responsive. Playhouse Players, under Michael Ferrall's direction, are to be congratulated for outstanding characterizations, attractive staging, imaginative makeup, effective costumes, and a lively, magical performance that was a complete delight to all assembled. From Herb Rogers' gay pre-theater welcome, through magic tricks performed by Babe Matthies and his

son, Ronald, to the after-theater autograph surge on the patio, it was an afternoon of enchantment. Three acts, with two scenes each, carried Dorothy on a round of exciting adventures. Ann Wakefield, as Dorothy, was all that any child might wish to see in the starring role. Her sprightly dancing and "little girl" look and manner, made her performance a thing of winsome appeal.

Each of Dorothy's three traveling companions added his own special talent. Ray Gronwald was a nimble, light-hearted Scarecrow, who lost straw along the way, but gained a sharp, new brain. Michael Ferrall, who was discovered rusted to the spot, was a wonderful wrought Tin Woodman. Under the Lion's skin was Tim O'Connor, making a thoroughly lovable beast who could hardly believe his newfound courage.

Marian Walters was a sly evil appearing witch as anyone could conjure, and her wicked magic so cleverly contrived that one could quite believe that she had truly created "invisible bars" to trip the unsuspecting Dorothy.

Sidney Brees devised a Wizard who performed his wizardry with a humorous flourish. His "operation" on the brainless Scarecrow was a most amusing bit of hoax.

Phyllis Flax was a shining Glenda, from the sparkle of her crown to the length of her trailing white spangled robe. Her jeweled wand and richly intoned commands brought good magic to Dorothy and her friends. Joan Overholt was an attractive and kindly witch, and Beth Scott a vision in flowing pink, as she served Glenda the Good. The Munchkins were a rollicking trio in their tall hats and short-legged-look costumes.

When Fairyland comes in such an attractive package as the "Wizard of Oz" production, it's no effort at all to believe in the magic of good and bad witches, and reality of dreams come true!

At the request of those who were turned away from the theater, and those who stated that they wished to see the play again, Herb Rogers, Playhouse producer, agreed to repeat the "Wizard of Oz" performance next Saturday afternoon at 2:30 p.m. Tickets at \$1 will be available at the Playhouse box-office during the week.

## TODAY'S SPORTS PARADE

By OSCAR FRALEY  
United Press Sports Writer  
Reg. U.S. Pat. Off.

NEW YORK — You can use fancier words, but from this corner the guttiest man in baseball is Don Zimmer of the Brooklyn Dodgers.

Four years ago he almost lost his life when struck by a pitched ball. Last season he was threatened with blindness after being hit by a pitch. In the latest episode, he was sent into the dirt by a knockout pitch and got up to hit a home run on the next delivery.

"Little zip," who hails from Cincinnati, needed six years even to

get a look in the majors. Up there ahead of him was Pee Wee Reese, the agile wonder of the Dodgers, so as a shortstop "Zip" was behind the eight ball.

**STILL, HE STAYED** with it despite the near-fatal injury at St. Paul in 1953. On that occasion, a burly fast ball pitcher named Jim Kirk fired one high and inside and Zimmer was told later that he ducked into it.

For 13 days he was unconscious. When he awakened, after an operation, Zimmer couldn't talk. Trying a comeback at year's end, he admittedly was so weak that he "couldn't hit the ball out of the infield."

"In the spring of 1954 I was strong again but I didn't know whether I'd be plate shy," he says. "But I found out soon enough. In the first four game series, against Toledo, the pitchers knocked me down seven times. But I didn't mind. I knew after that I was going to be just like I was before."

So much so that, at the end of the season, he was up with Brooklyn and has been there ever since.

Not painlessly, however. Playing in the winter leagues in late 1955 he suffered an arm fracture and an appendicitis attack. But by spring, Zimmer was "zipping" again.

**IN JULY, HE** was beamed again. Zimmer's left cheek was fractured this time and for a time it was feared he might lose the sight of his left eye. But in late September he was back.

So this week, down in the Dodger training camp in Florida, a six-foot, three inch Detroit pitcher named Jim Bunning fired a fast ball which was zooming toward Zimmer's head when "Little Zip" escaped by taking a dive into the dirt.

And on Bunning's next pitch, the undismayed Zimmer teed off for the three-run homer which won the exhibition game.

Reese, who still stands between Zimmer and that long-coveted shortstop berth, shook his head merrily.

### Desert Air Polo Team Wins Pair

Bob Smith was the outstanding player for the winners during the two days of thrill-packed action. On Sunday he came through with five or six free goals from the 60-yard line.

Other Desert Air players were Bill Mayberry, Lisle Nixon and Willie Tevis.

Leading players for La Jolla were Monty Montgomery and Bill Allen. Other team members were Blaine Stevenson and Guy Campbell.

Polo season at Desert Air and Shadow Mountain will be concluded next weekend with matches at Desert Air between La Jolla and the Desert Air team.

# Dr. Taylor Wins O'Donnell Invitational Crown 4th Time

## Cards 197 to Lead Wardby Two Strokes

### Win Marks Dentist's Seventh in Desert Tournament Play

Dr. Frank M. (Bud) Taylor, who lives on Red Hill between Cucamonga and Upland, golfs out of Red Hill Country Club and practices dentistry at Pomona, made it seven tournament victories on Palm Springs courses Sunday when he won the 22nd Annual Palm Springs Invitational, top amateur event of the southland, at O'Donnell Golf Club. He carded 197, second low in tourney history.

IT WAS his fourth victory at O'Donnell. He won the first International back in 1936 when still in high school, won again in 1952, took his third O'Donnell title in 1955 and his fourth last Sunday.

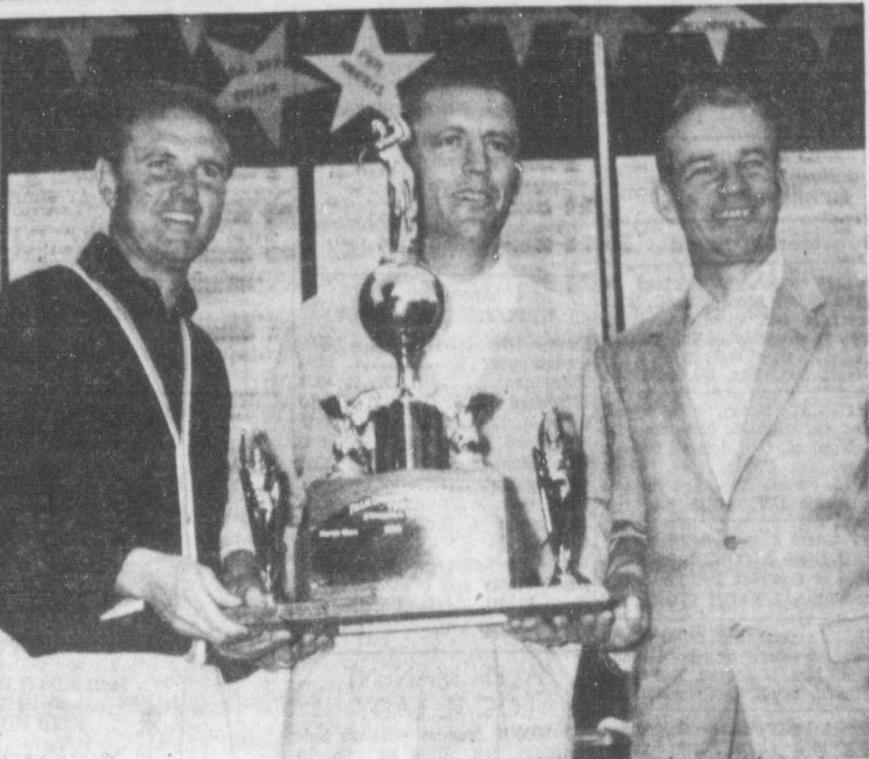

BESIDES FOUR wins at O'Donnell, he has three at Thunderbird Country Club to his credit.

Dr. Taylor twice has won the state amateur title and was third lowest amateur in the National Open last year.

He will play in the Masters at Augusta next month and in the North and South Amateur in the hopes of nailing down a Walker Cup team berth.

HARVIE WARD, of San Francisco, National amateur champion and state champion, won second. He won the tourney in 1954 and 1956. He lost to Dr. Taylor in a play-off in 1955.

Dr. Taylor stroked a 64-64-69-197; Ed Harvie Ward, 62-67-81; Ted Richards, 62-67-81; Don Boyens, 66-70-81; John Dawson, 66-71-81; Jackie Tollefson, 69-69-71; Scott McElroy, 67-72-72; Dr. William O'Neal, 69-69-80; Dr. Fred Williams, 66-67-71; 208—Frank Gray, 67-72-72; 209—Eddie Meyer, 66-67-71; 210—Ken Rogers, 65-69-73; 211—Jackie Tollefson, 69-69-70; Edgar Richards, 70-69-69; Frank Zack, 65-69-70; 212—Bob Brown, 68-75-86; Tony Marimon, 71-73-65; 213—Fred Hardison, 70-71-89; 214—Terry Gleichenkamp, 69-72-76; Bill Foote, 70-70-71; 215—Bob Colvin, 69-71-72; Gene Andrews, 71-72-71; Dr. Bud Knutson, 69-72-72; 216—Mike Fitzpatrick, 69-76-69; 217—Dick Meyers, 69-74-70; 218—John Brodie, 72-73-71; John Brodie, 72-73-70; 219—George McCallister, 72-71-72; 217—Fred Whisman, 71-84-72; 220—Larry Pendleton, 76-72-70; Nelson Cullen, 72-73-73; Gordon McRae, 71-73-74; 219—Monty Simmers, 69-77-75; Ron Williams, 73-73-63; Alan Clark, 74-71-74; 220—Bob Vaillancourt, 77-72-71; 221—Sam Lomax, 73-78-70; Cy Penfield, 72-74-76; 222—Billy Laufer, 74-73-78; 223—William Alsup, 69-79-70; 224—Paul Florio, 74-73-72; Art Todd, 75-76-78; 225—John Weller, 75-75-76; 226—M. ## SPORTS CAR RALLY AT JOSHUA TREE SUNDAY

At least 25 sportsters are thus far signed up for the caravan, according to rally planner Bob Linckey.

Giambra, Andrews  
To Meet in Oakland  
OAKLAND, Calif. — Joey Giambra and Al Andrews, who have come to blows before when the price was right, do it again tonight when they meet in a 10-round, non-television middleweight bout at the Oakland Auditorium.

Two or three months may elapse before those undermined decrees are imposed upon the IBC, already found guilty by Ryan of being a monopoly in the conduct of its title fights.

"I was and am definitely serious—certainly the offer was made in good faith," Cronin told skeptical reporters after General Manager Hank Greenberg of the Indians revealed he had rejected the deal. "I offered him \$1-million for Score and told him to take the offer to the Indians' board of directors.

Greenberg's statement hit the major league training sites like a bomb-shell and produced reaction ranging from stunning disbelief to statements like "Bill Veeck is running the show" and "Cronin and Greenberg just dreamed that up to produce a headline."
